EXCEPTIONAL
COMFORT

Variable-speed technology gives you comfort while using less energy.

Carrier creates innovative Infinity[®] heating and cooling systems with variable-speed technology that makes them smarter than your average system. These ultra-quiet systems perform almost effortlessly in their slowest speeds to provide more even temperatures and lower utility costs. An Infinity variable-speed system understands your home's heating and cooling needs, flexibly adapting its output to provide you the best levels of comfort and energy savings.
