

We are excited to announce we are in full swing of our “Take Me to Labette Health” capital campaign. The Labette Health Foundation is making great strides towards our campaign goal thanks to our generous donors. The first week of August we broke ground at the north end of the hospital by the Emergency Department and will watch this develop into our new orthopedic wing. This is an exciting time for our community as we prepare for our future and growth in healthcare.

The Labette Health Foundation welcomes individuals, businesses and area foundations to support the important work of healing. Your tax-deductible donation will help grow our main campus and will be designated to the “Take Me to Labette Health” campaign to secure future healthcare in our community.

For more information on our “Take me to Labette Health” campaign, please contact Anthony Vaughan at: 620.820.5243 * avaughan@labettehealth.com or go to our website at labettehealth.com

Labette Health Foundation is a 501(c)(3) nonprofit organization

Let's keep growing . . .
TOGETHER!
