

# From One Provider To Another

Wilson Medical Center knows that our farmers and their families need access to convenient, top-quality medical care.

With three rural health clinics across Southeast Kansas and around-the-clock access to acute care services, we're making it easy to manage your medical needs.

And if the time comes when you need something more, we have access to dozens of specialty providers as well as an award-winning wound care facility so you'll never have to compromise premier healthcare that's close to home.
