

Giving Matters

GivingTuesday is a global day of generosity that will take place on **November 30, 2021**. It is an opportunity for people to show their generosity in a variety of ways—whether it is helping a neighbor, advocating for an issue, sharing a skill or giving to a cause everyone has something to give and every act of generosity counts.

On this GivingTuesday, the CRMC Foundation will advocate for acts of kindness and donations that pour into our CRMC associates.

Our healthcare workers have given their all over the past year, and we welcome the opportunity to show our love and support to them. Whether individuals can give \$5 or \$5,000, we want each and every person who wants to support our associates this year to be able to be a part of GivingTuesday.

Any and all money raised will pour back into our associates. We hope to show them a token of gratitude for all they have strived to do in caring for patients this year.

“Together we give.”

Lisa Kuehn

Director of CRMC Foundation
